Religious ceremonies are organized in the small rural **chapel of San Rocco**, a few meters far from la Meridiana .

The oratory is very old; it was destroyed from an earthquake in the late 1887 and it was rebuilt and finished in the 1890. Very intimate, with a maximum capacity of 10 people, thanks to the park in front it's possible to accommodate , more guests outside under the leafy branches of the large oak tree.

Our gastronomic offer is tailor-made.

We don't offer a standard "banquet" menu: it's bespoke and according several factors like origin of guests, desires and personal tastes, type and location of the service etc.

We apport a particular care and meticulousness in the customization of the menu

Our cuisine is based on the territory and its outstanding raw materials, it's changing upon the season, and it's made up of authentic tastes flavors and aromas.

A focus also to wines: our cellar is composed by a large selection of emerging producers but not only. In fact vintage and a vertical collection are available to satisfy all the wine-

«GOOD TO KNOW»:

- ❑ La Meridiana is a seasonal property, open from April to the end of October. The best periods to organize an event are April, May, June, September and October because they give us the opportunity to propose special offers and profitable solutions.
- ❑ Our aim is to create a magical moment, without compromising the experience of our hotel guests neither the one of those who choose our location for a memorable day. For this reason, we don't grant the availability in July or August, very high season.
- ❑ The external Patio is partially covered and heated , it has the capacity of maximum 120 people while our restaurants (that can be prepared with the same mise en place) have an internal capacity of maximum 100 people.
- ❑ It's possible to « rent a Villa» that means the rental of the entire Maison: restaurants, bars common areas and the 25 rooms & Suite+ 1 cottage. It is recommended for events where:
 - guests need accommodation for the event participants
 - it's required to personalize service times and schedules
 - a musical entertainment is provided (deejay, live music or else) until late at night.

For the end of September and October we offer deal for Event & house at exclusive- use
